

Guest of AO Netherlands

AOTrauma Symposium—Advances in Trauma

St. Michielsgestel, Netherland

11 Apr 2019 - 12 Apr 2019

Guy Putzeys MD
Past president AO Belux

15 years AO Nederland, 60 years AO Foundation

Members dinner April 10TH 2019

Hotel de Ruwenberg, St. Michielsgestel

PROGRAM

18.00 Welcome/Drinks

19.00 Dinner

19.45 Dinner speaker Roy Sanders: Observations in Innovation

Thursday, 11 Apr 2019 (Day 1)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration
08:30	09:00	Other Registration			30
09:00	09:05	Opening remarks	Denise Eygendaal; Inger Schipper		5
09:05	09:25	Lecture Current concepts in ligamentous injuries of the ankle	Duncan Meuffels		20
09:25	09:45	Lecture Syndesmotom injuries - is the tight rope an answer?	Roy Sanders		20
09:45	10:05	Lecture Intraarticular osteotomies for late reconstruction after fractures of the distal femur and proximal tibia – where are the limits?	Christian Krettek		20
10:05	10:20	Lecture Indications for prostheses in fractures of the tibial plateau	Dirk-Jan Hofstee		15
10:20	10:30	Discussion			10
10:30	10:50	COFFEE AND TEA			20
10:50	11:05	Lecture New insights in approaches of the proximal humerus	Lars Müller		15
11:05	11:20	Lecture Pelvic fixation: the true Stoppa approach	Kees-Jan Ponsen		15
11:20	11:35	Lecture How to get to the distal femur?	Christian Krettek		15
11:35	11:50	Lecture Are there safe ways to get to the body of the talus?	Roy Sanders		15
11:50	12:00	Discussion			10
12:00	13:00	LUNCH			60
13:00	13:15	Lecture Cuff repair... are we repairing too much?	Bertram The		15
13:15	13:30	Lecture Radial head fractures: any news?	Lars Müller		15
13:30	13:45	Lecture Repair of the distal biceps: how to prevent complications	Bertram The		15
13:45	14:00	Lecture Perilunar dislocations – a stepwise approach	Carel Goslings		15
14:00	14:30	Discussion Panel discussio			30
14:30	14:45	Lecture Newer concepts of management of talus fractures	Roy Sanders		15
14:45	15:00	Lecture Internal braces	Lars Müller		15
15:00	15:15	Discussion			15
15:15	15:30	COFFEE AND TEA			15
15:30	15:50	Lecture Prevention of ACL injuries in children	Duncan Meuffels		20
15:50	16:05	Lecture Fixation of supracondylar humerus fractures; not only K-wires	Christian Krettek		15
16:05	16:25	Lecture ESIN techniques and limitations	Arnold Besselaar		20
16:25	16:45	Lecture Conservative treatment of fractures in children	Willem Roerdink		20
16:45	17:00	Discussion			15
17:00	18:30	Discussion Group Discussions Foot and ankle Pelvis Upper extremity Injuries of the knee	Arnold Besselaar; Carel Goslings; Dirk-Jan Hofstee; Peter Kloen; Christian Krettek; Duncan Meuffels; Lars Müller; Kees-Jan Ponsen; Willem Roerdink; Roy Sanders; Niels		90

Friday, 12 Apr 2019 (Day 2)

Start	End	Title	Moderators/Faculty	Location/Documents	Duration
09:00	09:15	Lecture Dynamic external fixator.... A devils' tool?	Lars Müller		15
09:15	09:30	Lecture Fractures of the proximal ulna; not as everyday practice	Peter Kloen		15
09:30	09:45	Lecture Osteotomies around the elbow	Denise Eygendaal		15
09:45	10:00	Lecture Are osteotomies for malunited clavicular fractures indicated?	Sarah Woltz		15
10:00	10:15	Lecture Sauve-Kapandji outdated?	Niels Schep		15
10:15	10:30	Discussion			15
10:30	11:00	COFFEE AND TEA			30
11:00	11:15	Lecture Lisfranc fractures: To fuse or not to fuse	Roy Sanders		15
11:15	11:30	Lecture Malrotation of the tibia; when and how to correct?	Michael Verhofstad		15
11:30	11:45	Lecture Supracondylar femur fractures - salvage tips and tricks	Christian Krettek		15
11:45	12:00	Discussion			15
12:00	13:00	LUNCH			60
13:00	13:20	Lecture Calcaneal fractures: Failure of percutaneous fixation in calcaneal fractures	Roy Sanders		20
13:20	13:40	Lecture Joint Transplantation – Can this be an option for posttraumatic articular destruction?	Christian Krettek		20
13:40	14:00	Lecture Shortening osteotomy of the proximal radius	Lars Müller		20
14:00	14:20	Lecture Symptomatic mal- and non-unions of the inferior os pubis should be operated	Kees-Jan Ponsen		20
14:20	14:40	Lecture Traumatic hemipelvectomy - Limb salvage or amputation?	Christian Krettek		20
14:40	15:00	Discussion			20
15:00	15:30	Closing remarks			30

Two day program:

- Mainly lectures
- Case discussions

Two special guests, each giving 5 lectures

ROY W. SANDERS, M.D.

**Foot, Ankle & Lower Leg, Orthopaedic
Trauma**

UNIV.-PROF. DR. MED. CHRISTIAN KRETTEK, FRACS, FRCSED

Members dinner April 10TH 2019

**Inger Schippers ,
current president AO Netherlands**

Christian Krettek

Roy Sanders

Roy Sanders lecture : observations in innovation

His last slide mentioned **6 inspiring predecessors:**
Two of them were belgians:
Lambotte and Danis

Lecture room : +/- 70 dutch participants

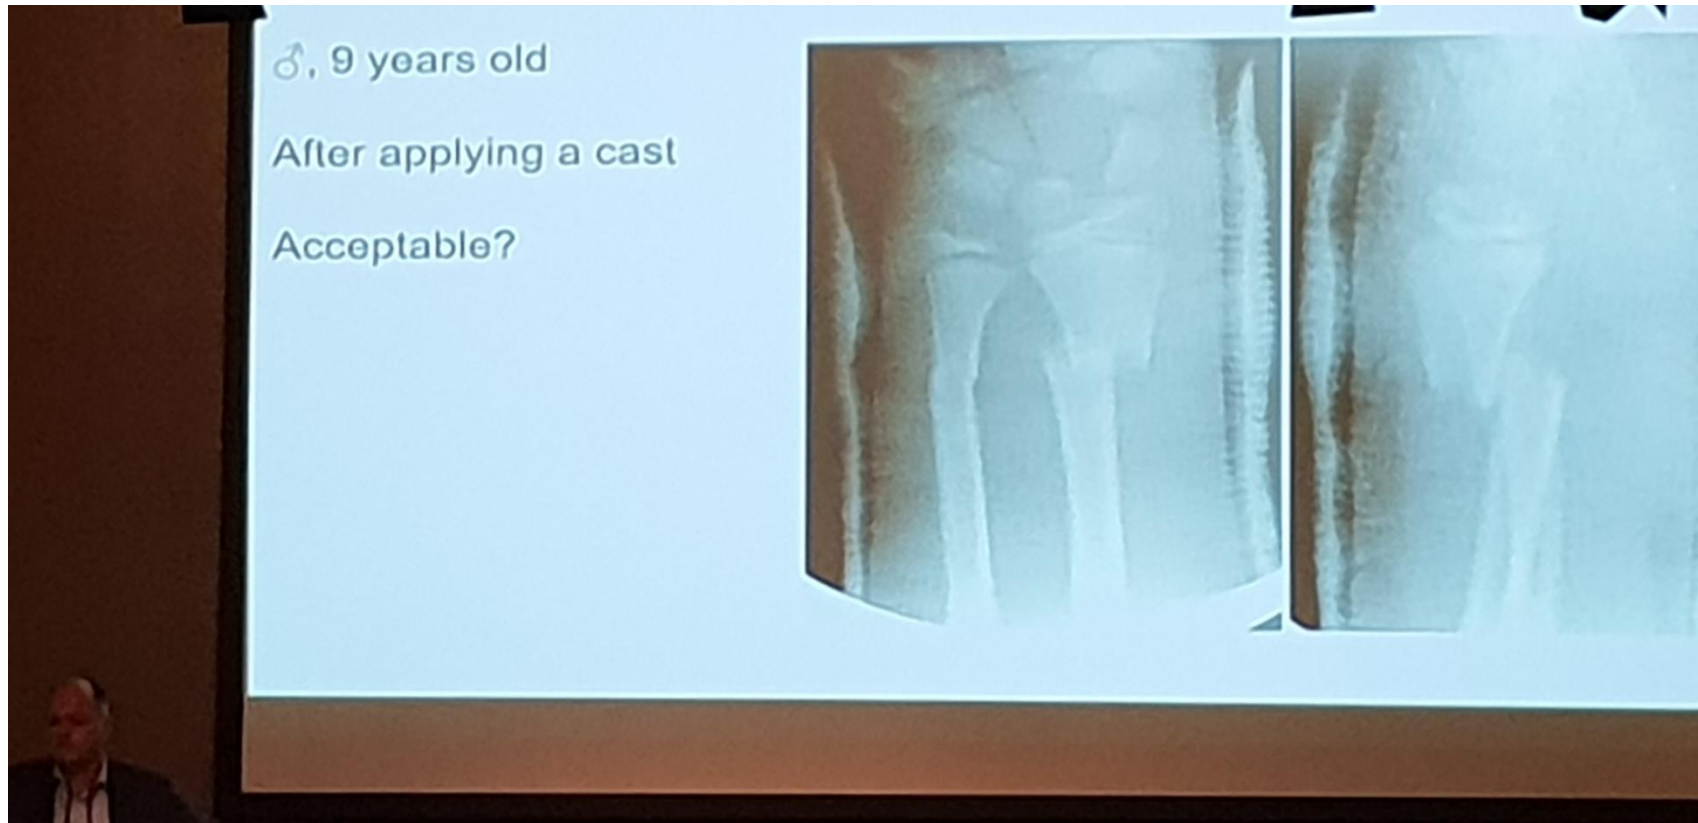

Roy and Christian as
top-moderators/entertainers

Lars-Peter Müller from Cologne
Upper limb specialist

Very good talk on conservative treatment in children's fractures

My conclusion : we operate these too much

Case discussion: pelvic injuries

End of my one-day visit to my dutch colleagues

May it be the trigger of real cooperation between AO Netherlands and AO Belux , who knows AO Benelux one day
