

Conference Schedule

Thursday 28 June 2018

Room	Queen Elisabeth	Marble	Okapi	Darwin	Gorilla 1	Gorilla 2	Gorilla 3	Gorilla 4	Gorilla 5	Pelican 1	Pelican 2	Peacock	Butterfly	Poster	Exhibition
07:00	Breakfast														
07:30	IC 01 How I do it: The Fundamentals of Cochlear Implant Surgery	KEYTUT 01 Rask-Andersen Helge	IC 02 How I do it: The Surgical Technique for Total Implantable AMEI Carina	TUT 01 Genetic Testing for Hearing Loss: From One or Two Genes to over One Hundred in just a Few Years Time	KEYTUT 02 Plontke Stefan										
08:10	Transition Time														
08:20	KEY 02-04 Bernard Fraysse														
08:40	Staecker Hinrich														
09:00	Papsin Blake														
09:20	Transition Time														
09:30	MS 02 Bilateral Paediatric Cochlear Implantation	MS 03 Advancing Molecular Therapeutics in the Inner Ear	MS 04 Cost-efficacy in Auditory Implants	MS 05 CI in Otosclerosis and Postmeningitic Ossified Cochlea	MS 06 CI by Telemedicine	FS 01 CI Aspects of Cochlear Histology and Temporal Bone Anatomy Advancing	FS 02 Cochlear Implantation and Music Perception	FS 03 Speech and Noise Processing Algorithms	FS 04 Preoperative and postoperative CT and CBCT in CI	FS 05 Quality of Life After CI	FS 06 From Neonatal Screening to Follow-up	FS 07 Auditory Development and Perception	FS 08 Surgery Reflections of Implantable AMEI		
10:15															
10:20															
10:30															
10:40	Coffee Break														
11:00	KEY 05 Boudewyns An	KEY 06 Pillsbury Harold	KEY 07 Raine Christopher	KEY 08 Matthies Cordula	KEY 09 De Raeye Leo				KEY 10 Eshraghi Adrian						
11:20	Transition Time														
11:30	MS 07 Etiology of Congenital Deafness: Implications for Cochlear Implantation	MS 08 Cochlear Implant Criteria Revisited	MS 09 Experiences with CI Re-implantation	MS 10 ABI application in NF2	MS 11 School Performance in CI Population	FS 09 Organisation of CI Provision	FS 10 Next-Generation Electrodes: Pharmacological Structure Preservation	FS 11 Focus on Bilateral Paediatric CI	FS 12 Experiments in Speech Coding Strategies	FS 13 Empowering Satisfaction with CI	FS 14 Listening Effort and Performance in Paediatric CI	FS 15 Role of Music in CI Habilitation			
12:15															
12:20															
12:30															
12:40	Lunch														
13:00	Lunch														
13:30	KEY 11-13 Gantz Bruce														
13:50	Ishlyama Akira														
14:10	Sennaroglu Levent														
14:30	Transition Time														
14:40	MS 12 Management of Difficult Inner Ear Malformations	MS 13 Cochlear Implantation and Cochlear Health: What We Have Learned from Human Bone Studies following Cochlear Implantation	MS 14 Cochlear Implantation under Local or General Anesthesia	MS 15 Role of CI in Vestibular and Intralabyrinthine Schwannoma Management	MS 16 CI Fitting: Time for Artificial Intelligence	FS 16 Changing CI Criteria	FS 17 CI and ABI in Meniere and labyrinthitis	FS 18 Fitting and Algorithms in Adult CI Patients	FS 19 Diagnosis of Neonatal Hearing loss and CI	FS 20 Habilitation Outcomes after Paediatric CI	FS 21 Towards a Comprehensive Profiling in Bilateral Vestibulopathy Patients	FS 22 Organization and Efficiency of Implant Centres			
15:20															
15:25															
15:30															
15:40															
15:50	Coffee Break														
16:15	KEY 14 Mertens Griet	KEY 15 Hultcrantz Malou	KEY 16 Kameswaran Mohan	KEY 17 Svirsky Mario	KEY 18 Dimitrijevic Andrew				KEY 19 Lin Vincent						
16:35	Transition Time														
16:45	MS 17 What Did We Learn? Cochlear Implantation in Single-Sided Deafness	MS 18 Is there a Future for Percutaneous Bone Conductive Devices?	MS 19 State of the Art of ABI in Small Children	MS 20 Place Pitch: Does Adaptation Correct Perceptual Misalignments?	MS 21 Cortical Auditory Evoked Potentials in CI Patients: Past, Present and Future	FS 23 Hearing Management in Skull Lesion	MS 22 Family Involvement in Cochlear Implantation	FS 24 Hearing Outcomes in Adult CI Recipients	FS 25 Perimodiolar Electrode Insertion Aspects	FS 26 Late Age at Implantation	FS 27 Organising CI Flow	FS 28 Management, Remote Fitting and Awareness of Auditory Implants	FS 29 Organization and Efficiency of Implant Centres		
17:45															

Poster Viewing
