AEROSOL SANAYİCİLERİ DERNEĞİ (ASAD)

Turkish Aerosol Producers Association (ASAD) has been established in 1991 with the aim of supporting the competitiveness of the sector and organising activities to support its members. ASAD plays an important role in Turkish aerosol sector, and create a platform to integrate manufacturers and civil authorities as well as governmental bodies together to solve the problems arising in the sector.

ASAD started its journey with 16 members in 1991 and now reached 29. ASAD has been a member of FEA since 1993.
