DETIC

The Belgian and Luxembourg association for producers and distributors of cosmetics, cleaning and maintenance products, adhesives, sealants, biocides and aerosols.

DETIC works to create a positive and sustainable image for the sector she represents as well as for *aerosol packaging*.

Its mission is to support and advise its members when placing products, services and solutions on the market.

DETIC gives advice on legislation, technical matters, communication and sustainable development and brings forward the Voice of the industry at BeLux level.
