GUANGDONG LAYA CHEMICAL Co., Ltd

Guangdong Laya Chemical Co.,Ltd has been insisting on devoting to solutions of aerosol chemical as its responsibility. With operating principles based on "market-oriented, quality ensured, profits from management, and innovation for development", Laya is sincerely cooperation with customers from home and abroad to make the aerosol industry develop rapidly, sustainability and healthily.

In order to adapt to market changes and meet customer requirements, Laya invested and founded Shaoguan Laya New Chemical Technology Co.,Ltd, which covers an area of 100,000sqm with a total planned investment of 500 million yuan. The plant construction will be finished and put in production by 2018. Laya's major products are cosmetic spray, household sanitary insecticides, household cleaning & caring products, car care products, environment friendly paint, etc..
