HELLENIC AEROSOL ASSOCIATION (HAA)

The Hellenic Aerosol Association (HAA) was founded in 1982. The mission of HAA is to protect and promote the common interests of aerosol sector and its products in Greece

It is the trade association whose member are involved in the manufacture and sales of aerosol products, being producers, suppliers of raw/packaging materials, aerosol fillers, importers or dealers of aerosol products.

The HAA has sixteen members. All big Greek aerosol fillers are members of the association and most of the major dealers, too.

The association is a nonprofit trade organisation and its objective is to defend and promote the common interests of the aerosol trade.
