NUSSBAUM MATZINGEN AG

In the four production sites located in Switzerland and Germany we focus on development, production and distribution of aluminium cans and aluminium tubes. The Nussbaum-Group is an innovative partner to our customers for medium and small production quantity and offers flexibility, quality and delivery reliability as well as customized shapes and individual decoration. Our cans and tubes are available in a large variety of different linings, lacquers, diameters and sizes. With constant focus on identifying and anticipating our customers' needs and requirement a team of 420 people drives our continuous innovation and improvement. The Nussbaum-Portfolio of Aluminium Aerosol Cans, non-pressurised Screw Cans, Can-in-Cans and Aluminium Tubes is the perfect fit for many products of Personal Care, Health Care, Home Care, Pharmacy, Food or Industry. Different certificates cope with the highest quality requirements.
