### PACKSYS GLOBAL AG

PackSys Global builds complete lines for monobloc aerosol cans, bottles, marker pens, cigar tubes and collapsible aluminum tubes. Together with its subsidiaries companies Combitool Solutions, Madag Printing Systems and Texa Packaging, PackSys Global offers a diverse equipment portfolio for the packaging industry.

PackSys Global also builds complete lines for plastic and laminate tubes, plastic beverage caps, and decorating plastic and aluminum screw caps. Its advanced packaging equipment is ideally suited for oral and personal care, cosmetic, beverage, pharmaceutical and other industrial markets.

Solid Swiss engineering all along the line.

Creating Packaging Technology.
