

Guidelines for full paper submission in ICEM18 (deadline 30th April 2018)

Dear ICEM18 participant

Thank you for submitting your work to our conference.

Please follow the guidelines below to submit your manuscript for the proceedings.

1. First register on <u>Sciforum.net</u> with your email address, if you do not have an account yet.

2. Then click the "NEW SUBMISSION" green tab at the top right of the screen.

3. From the drop-down menu select from the list of conferences ICEM18 (currently at the bottom of the list). Click "Continue"

4. Select the unique session "ICEM 2018"

5. Fill in the required information about Poster/Oral presentation. (This is typical, and it is just a requirement of the website. It will not interfere with the preference that you already stated when submitting the abstract)

👂 sciforum -	Mozi	Ila Firefox				-	ć	p	×

		Post	er Presentation Vec									
		۲	No									
		Oral	Presentation									
		0	Talk (invited speaker)									
		۲	Yes (consider me for short talk)						~			

6. Fill in the <u>title of your paper</u> below <u>with the abstract number</u> you were given by the conference organizers **as the first 3 digits** (e.g. "125 Characterization of fatigue damage in composites by lock-in thermography", <u>the abstract</u> and <u>the keywords</u> in the corresponding text boxes).

Here write the title of yo paper and DO NOT FORG to mention the abstract number at the front of th title in this box. E.g. "125 Characterization of fatigu damage in composites by lock-in thermography"	Title Image: Second state of the second state sta				

7. Now you are ready to submit your FULL MANUSCRIPT OF 6 PAGES. Attach the PDF and the original file (e.g. word) of your full manuscript in the boxes "Abstract (attachment) PDF" and "Abstract original files". (It does not matter that mentions "abstract", this is due to the design of the website. You upload FULL MANUSCRIPT <u>here</u>)
